

DICKERSON,

1 Q. Do you recall telling him that your mother was  
2 alive and well?

3 A. Not really, no.

4 Q. Do you recall him asking you about your pregnancy  
5 history?

6 A. Yes. Not about like the history, like my prior  
7 abortions, but like the one that I just had.

8 Q. Is it your recollection that you told him that  
9 you had been pregnant on a previous occasion and that you  
10 had a termination of the pregnancy?

11 A. Yes. That's when -- the reason because about a  
12 PAP smear. The reason was I just was pregnant last month  
13 and I had one.

14 Q. Okay. Do you recall him asking you things, other  
15 things about your gynecological history, like when you  
16 first had your menstrual period, things like that?

17 A. I'm not sure.

18 Q. Now, someone also took your blood pressure, your  
19 vital signs, and they weighed you? Do you remember a nurse  
20 doing that for you?

21 A. I think that's what the big lady was doing, she  
22 was doing something.

23 Q. Did she put a blood pressure cuff on your arm and  
24 take your blood pressure?

25 A. I think it was. I'm not sure.

DICKERSON,

1 I first -- was my first time in the cubicle, I didn't sign  
2 anything.

3 Q. Okay. Let me ask you this question: This  
4 statement that you had that was provided by your Counsel in  
5 advance of the deposition, I think you testified that this  
6 was something that you prepared on your own before you went  
7 to the 60th precinct to complain?

8 A. Mm-hmm.

9 Q. Yes?

10 A. Yes.

11 Q. Okay. Because this a photocopy, because some of  
12 the answers are cut off, I would like you to read your  
13 statement into the record for us, okay, as best you can.  
14 And if you just want to start with, you know, the first  
15 sentence there?

16 A. On Saturday night/Sunday morning I was in Rikers  
17 Island seeing a medical doctor, Dr. Leveille. At around  
18 2:00 a.m., he started to give me my exam. He told me that  
19 I had to write down my telephone number for him in order  
20 for me to give blood and take a TB test or else I was going  
21 to be on lockdown. Then as he started to examine me under  
22 my T-shirt, he started groping my chest and rubbing his  
23 finger around my nipple and he massaged my back and neck.  
24 He did it -- I don't know. He did it more -- he did it  
25 more than once while telling me to take a deep breath in

DICKERSON ,

1 Q. When you explained what happened to Ceylan, what  
2 did she say to you?

3 A. She was upset she started crying. I didn't even  
4 tell her like the whole real real story. I told her I was  
5 in Rikers Island, I seen a doctor and the doctor was like  
6 touching my chest and stuff like that. I didn't give her  
7 the full, full details. She didn't even read this  
8 (indicating).

9 Q. Did you show her?

10 A. No, I'm not sure, but I don't think I remember  
11 showing this to her, no. I'm not sure.

12 Q. Had you already written it?

13 A. -- no. We were -- after the courthouse and  
14 stuff, I went home --

15 Q. Okay.

16 A. -- before I went to the precinct.

17 Q. Okay. And you wrote this statement?

18 A. Yes.

19 Q. And then you -- then did you tell Ceylan what  
20 happened?

21 A. Yes.

22 Q. You and she went to the precinct together?

23 A. Yes.

24 Q. When you explained what happened to Officer  
25 Emmanuel, was she present?
